Brazilian Music Old and New: Cello and Piano contemporary arrangements of brazilian classics + traditional brazilian popular music as played by an authentic 'Regional'.

Intertwining classical and Brazilian popular music universes, pianist Júlia Tygel presents the repertory of her first CD, featuring composers as Tom Jobim and Chico Buarque as well as her own compositions.

The Regional de NY is a traditional choro group in the style of the great Brazilian ensembles of years past and present. Our mission is to keep the rich musical tradition of choro alive in a contemporary US context. We bring a deep love for the history of the genre together with a modern attitude towards arrangements and performance to create a style of choro that reflects our time, place, and backgrounds.
